DETAILED ACTION

Drawings

1. The drawings were received on 2/24/2005. These drawings are approved.

CLAIMS

The office action rejection regarding claims 20-30 under U.S.C 101 is withdrawn.

The office action rejection regarding claims 20-21 under U.S.C 112 is withdrawn.

Response to Arguments

2. Applicant's arguments, see Remarks, filed 2/24/2005, with respect to claims 20-30 have been fully considered and are persuasive. The office action rejection of 8/8/2004 has been withdrawn.

REASON FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: the distinction between closest prior art and instant application is in manner of determining image result for a synthetic lighting configuration, each of which is based on the corresponding synthetic lighting configuration and at least one base image and determining a desired lighting configuration based on the sets of the image results as recited in independent claims 1 and 19-21.

Although Jusoh et al (US 6,207,946) disclose an adaptive lighting system and method for machine vision apparatus comprising a digital computer which includes a plurality of components to provide a suitable illumination and contrast between the package 22 in order for camera capture a high resolution image (column 5, lines 7-20).

Art Unit: 2625

But Jusoh et al fails to teach or fairly suggest the method of instant application as specified in independent claims 1 and 19-21.

Accordingly claims 1-30 are in condition for allowance.

Now claims 1-30 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
